### ABOUT CORPUS

Corpus Christi is one of the oldest colleges in Cambridge, founded in 1352. It has since developed into a consistently successful academic institution, achieving a top ten ranking in the Tomkins Table of Cambridge colleges for the past three years.

### ABOUT OUR BALL

Cambridge May Balls are famed as some of the most spectacular events in the world. *Time Magazine* placed Trinity May Ball in its top ten parties worldwide. This year we hope to match that.

A nine hour extravaganza, guests will be treated to free flowing champagne, fine dining and fantastic entertainment. These images provide a taste of our last May Ball, *Carnivalia*, which was a tremendous success. This year we hope to do even better, ending May Week the way only Corpus can.

### THE GRAND TOUR

The theme for this year's Ball is the Grand Tour – a tradition that began in the seventeenth century in which young, wealthy men of the aristocracy visited the cultural centres of Europe before returning home to begin their working life. Grand Tourists aspired to a complete intellectual, social and political education from their experiences across the continent. Paris, Geneva, Berlin, Amsterdam, Rome and Venice will be among the cities restored to offer a glimpse of a bye-gone era. Each city will serve up unique sights, sounds and tastes; combining to ensure our travellers enjoy the full Grand Tour experience.

## HOW YOU CAN GET INVOLVED?

Our tickets are expensive, but in order to provide a first class experience at a reasonable price for students we also seek support from external sponsors.

We would love to have you on board either as a financial supporter or as a supplier of goods. There will be plenty of opportunity for displaying your products and merchandise at the Ball, exposing a huge number of people to your brand.

We offer large amounts of advertising space on our promotional material, including posters, flyers and the programmes. This will be visible to the 10,000 strong student body. There are also opportunities for exclusive advertising on the night of the Ball itself – from setting up a stand and distributing your products to sponsoring a stage.

Thank you for taking the time to read our proposal, we hope and look forward to hearing from you in the future.
